<b>Description</b>			
<p>For the moment, as there aren't many groups in Kune, a simple list could be added on the homepage so that other groups could be browsed and "discovered".</p> <p>Another option (requiring more coding I guess): add it to the top right of the screen as a drop down menu.</p> <p>username   Log out   Create new group   Discover groups  </p>
